

**Senate Bill 891 – An Act Amending the Definition of Managerial Employees.**

To: Labor and Public Employees Committee

From: Jennifer Julian Davis, Program Manager  
Department of Children and Families

Date: February 25, 2013

Please be advised that I am currently a Program Manager in the Willimantic, Department of Children and Families' office. I have been employed by the Department for over 19 years. I would like to express my support for SB 891 as the clarification of the definition of "manager" is needed to clarify the roles and responsibilities across all state agencies.

Thank you for your attention in this matter.
